OUR MISSION AND VISION

OUR MISSION

**TRANSFORM
EDUCATION**

TO

**TRANSFORM
INDIVIDUALS**

TO

OUR VISION

**TRANSFORM
SOCIETY**

Our journey is about bringing social transformation by providing human-making education to the underserved. We realize,

**FOR A SOCIETY TO RISE,
EVERY SINGLE INDIVIDUAL IN IT MUST RISE FIRST.**

EK-ASHA is an attempt to break open the limitations of the four walls of a classroom and expand the learning to the world of infinite possibilities, where classrooms and textbooks are mere parts but not necessarily the only means for the learning to happen.

*It is about providing holistic and child-centric education to the underserved children, where the **character gets precedence over competence and seeking becomes the way-of-life.***

FOUNDER'S MESSAGE

NamasFriends,

Greetings from the Ek-Asha family! I would like to express our heartfelt gratitude for your unwavering support in making the journey of every Ek-Asha student a delightful one.

The year 2022-23 has been truly remarkable for us, with many fond memories, milestones, and successes. We have enriched the lives of 378 rural students across 17 ThinkCenters, providing over 76,000+

learning hours, and helping students reach district and state-level competitions, this year. We organized life-enriching study tour, sports day and many socio-cultural, educational workshops.

Ensuring access to holistic education is challenging, particularly in rural-tribal villages and shelter homes. Despite the positive efforts by the Govt. and non-Govt. organizations, there still exists a significant gap in the quality and access to quality education. Moreover, the needs of 21st-century education are different and emerging in a fast pace. This is where Ek-Asha steps in with its diverse pool of volunteers from across the world. For us, what matters, in the end, is the quantity of quality-human beings we are able to produce.

For us academic excellence is important but not everything. We educate to build creative thinkers, problem solvers, critical thinkers, self-reliant, resilient, empathetic, and skillful human beings. Therefore, our thinking classes are designed differently, we focus on understanding over knowing and doing over understanding - Our approach remains holistic and outcome oriented!

Our students, their parents, guardians and the community as a whole have developed high hope on us. They look forward to us and this is a huge achievement. The years ahead will be equally exciting and enriching. We will touch more lives and bring structures to improve the quality and outcome of our engagements. We shall to continue the spirit and momentum along with our focus on continuous improvement through capacity building.

Together we have and together we shall.

Regards,

Sambit Kumar Das

(Founder, Managing Trustee - Ek-Asha Trust, Bhubaneswar, Odisha)

ABOUT US

We are a group of passionate volunteers from different walks of life from across the world. We are engineers, bankers, doctors, MBAs, homemakers, students, teachers, professors, scientists, farmers...etc. We believe the responsibility lies in our hands and we got to take charge if we wish to bring about a social transformation. So, we act, not just talk or feel pity or complain.

Our focus is to educate underserved children, equip them with facilities and provide access to quality education. We are making an attempt to build better human beings that are capable, sensible, and responsible. We deploy our specially designed pedagogy and curriculum that makes learning fun, experiential, exploratory, and child-centric for 21st-century needs. Our focus is on character development along with competence having character taking precedence.

Our motivated & qualified contributors take daily online classes from across the world.

We are a NOT-FOR-PROFIT organization, registered under the Indian Trust Act (Regd# 41131705998/2017; PAN# AAATE9020G), effective 4th Aug 2017 having Registered Address: MIG-90, K-9A, Kalinga Vihar, Patrapada, Odisha - 751019. We are 12A and 80G certified (12A/10AC: AAATE9020GE20215; 80G/10AC: AAATE9020GF20221). We are CSR1 (CSR00022657) compliant with Darpan id (OR/2019/0242443).

NATIONAL EDUCATION GAP

The quality of education hasn't improved much in decades. Access to quality education in the formative years is essential not only for the individuals but also for shaping up the future of society. There is a need for quality intervention in the education sector.

PCT (%) OF CHILDREN AT BASIC & BELOW LEVEL				ADVANCED LEVEL
CLASS	DEOGARH District	KEONJHAR District	RAYAGADA District	NATIONAL AVERAGE
Std. III & V	 63.4%	 61.9%	 75.2%	Math.: 11% Sc.: 8% Language: 10%
Std. VIII	 76.9%	 74.4%	 90.2%	Math.: 10% Sc.: 9% Language: 11%
Std. X	 84.2%	 80.7%	 87.7%	Math.: 6% Sc.: 1% Eng.: 15% MIL: 0%
State Position	21-23rd in ODISHA	18-23rd in ODISHA	Lowest in ODISHA	Most of them are urban students

SOURCE: National Achievement Survey 2021

While survival, livelihood, and healthcare stay at the center of our attention, quality education for children needs equal emphasis. Especially for children in rural villages, orphanages, and slums as they lack exposure, access at all levels.

While new national education policy look promising, it will take decades to get implemented as desired. It's the job of each individual in the society to join hands and put collective efforts in this area.

A 3-day STUDY TOUR with **76** students & **26** Mentors

OUR IMPACT IN 2022-23

It is always rewarding to see your students do well and succeed. It brings even more pleasure if your students coming from deprived community succeeded to a height no body in their community ever imagined. From students who were much behind for their grade-levels to succeed at block, cluster, district and state level is nothing less than a miracle to happen in such a short period.

OUR INITIATIVES

Our initiatives are our approach to building the next generation of capable, sensible & compassionate people! This year, we educated nearly 350 students on a daily basis in 18 of our ThinkCenters across 6 districts. Our approach has been to meaningfully engage with the underserved children in orphanages, rural-villages, slums...etc. and provide them with exposure and education with consistency that they are deprived of.

Our approach is holistic! We make education fun, engaging, meaningful and practical. We do not restrict ourselves to books, classrooms or study-centers, we bring a good mixture of experiments, sports, art & craft, culture, study tour, social work... etc. along.

The ThinkCenters continue to be our prime focus for the year, while we slowly shape up the Gurukul for the future. The prime objective of the ThinkCenters have been to reach the unreachable, connect them with caring, capable and committed members of our team (we call it a family), so the children could get access to best of the education.

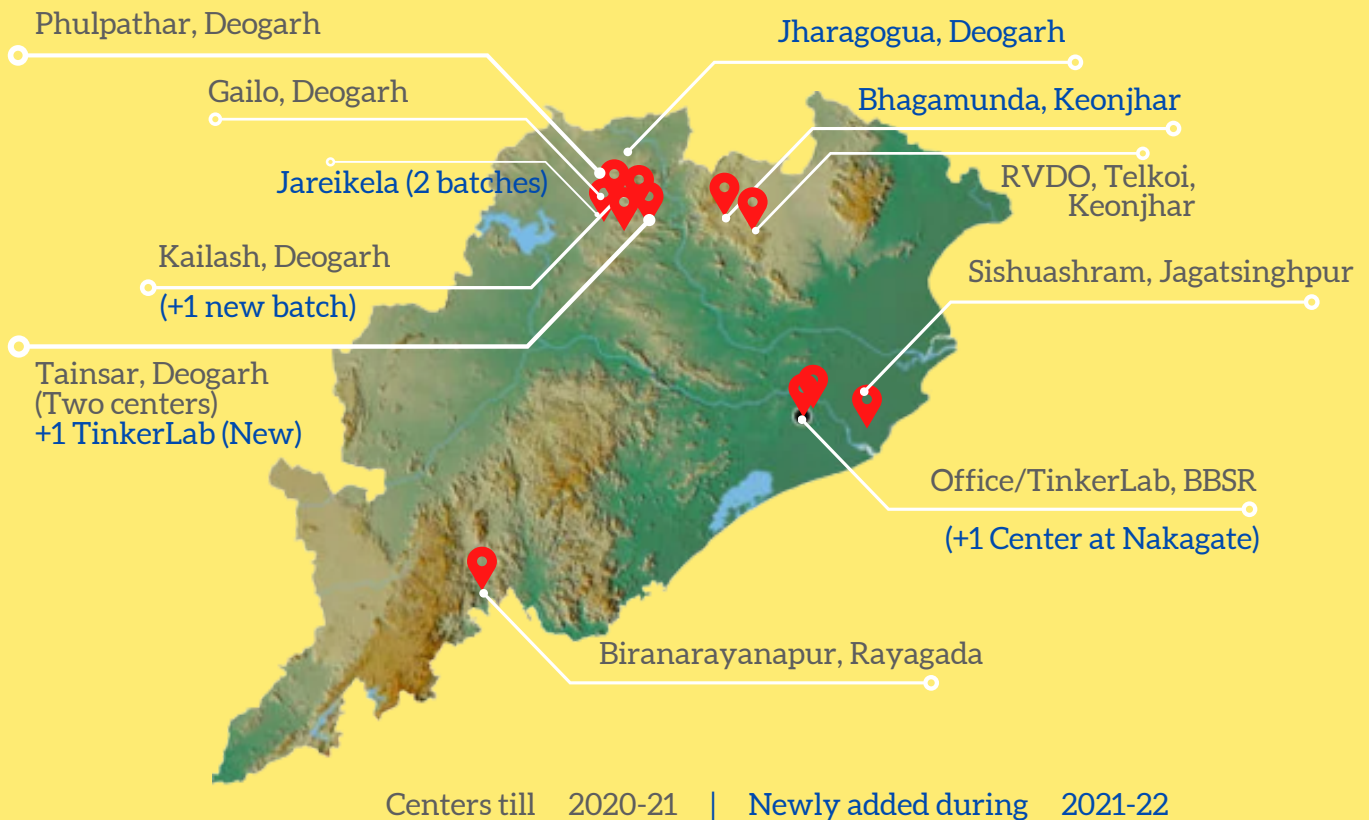

We realize, this is a big task in hand. Therefore there is a need to onboard like-minded and varied-skilled people from across the globe to become a part of this journey and to shoulder responsibility of building the next generation. Over 100 volunteers with varying capacity have come forward, while around 30+ taking regular classes.

The ThinkCenters

In today's world, where information is available in abundance but often overwhelming and confusing, the ability to think critically is more important than ever. Our Thinking Class provides students with the tools they need to navigate this complex landscape.

We offer Thinking Classes in our ThinkCenters to help students develop critical thinking skills. The primary goal is to teach students to think deeply, analyze critically, and make sound judgments. These classes are often interdisciplinary and involve problem-solving exercises.

OUR THINK CENTERS IN 2022-23

We have designed three kinds of ThinkCenters for specific age, grade & ability groups:

1. **Chatashalee (Village ThinkCenter)**: For students up to grade V and ensure they gain required fundamental numeracy, literacy & social skills.
2. **OTC (Online Thinking Class)**: For students of grade VI to X and help them gain grade specific skill levels.
3. **TinkerLab**: For students of all ages and ability to help them with 21st century skills.

Chatashalee (Village Thinkcenter)

THINK
CENTER
ACTIVITIES

INTER-CENTER COMPETITION

STUDY TOUR

WORKSHOPS

SOCIAL CONTRIBUTION

CLASSES COVERED: While most of the subjects were covered, greater emphasis is given to Math, English, Science, Geography along with science activities & tinkering.

PERIODIC ASSESSMENTS: Quarterly & annual assessments were conducted by mentors to ensure student progress and plan for the future sessions.

INTER-CENTER COMPETITION: Noticed tremendous encouragement & improvement among student through Quiz, Geography, Language & vedic-math competitions.

WORKSHOPS: Resource persons were called upon to conduct enriching workshops on Vedic-Math, Science, Mandala, Painting, Story telling, Origami...etc.

SPORTS EVENTS: Our Annual sports event at Deogarh district saw hoofing participation of 470 participants 170 students and 300+ villages on 19/Feb/2023.

CULTURAL EVENTS: Independence-day, Republic-day, Dance, Music, Diwali / Ganesh / Saraswati pooja event planning, organization & celebration.

SOCIAL CONTRIBUTION: Village cleaning, Plantation, Social awareness drama through Nukkad-Nataks on education & alcohol addiction, Freedom movement...etc.

STUDY TOUR: Explored culture, heritage, monuments, science-parks, museums...etc on a 5-nights and 3-days study tour starting 25/Feb-01/Mar to BBSR, Puri & Konark.

1. OTC - Online Thinking Class

In the last 200 years, since the beginning of the industrial era, education has been happening within the close physical proximity with emphasis on knowing than understanding, delivered by preachers who have hardly practiced their preaching. These have been the greatest limiting factors for education, primarily for children in remote areas. **We decided to shift this and initiated OTC in 2020, during the Covid-19 pandemic.**

The idea is simple:

1. **Break the distance barrier** and reach the underserved with the help of technology.
2. **Connect them with highly qualified, skilled, and self-motivated people across the world** who could provide quality **21st-century education** to them.
3. **Instill critical thinking through inquiry-based learning** (Socratic method).

**1,600 ONLINE SESSIONS; 2,400 HOURS OF TEACHING
23,600 LEARNING HOURS BY STUDENTS**

BNPur, Rayagada
1 Batch
40 Students (6,7,8)

Tainsar-1, Deogarh

1 Batch
10 Students (7,8,9)

Jareikela, Deogarh
1 Batch
9 Students (6,7,8)

Bhagamunda, Keonjhar
2 Batches
27 Students (6,7,8)

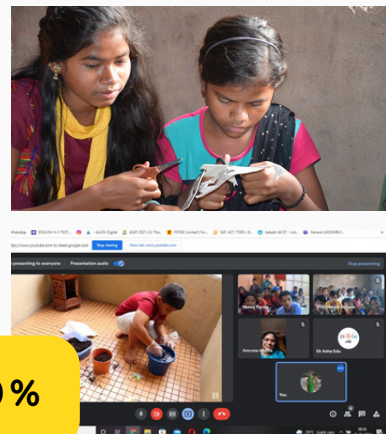

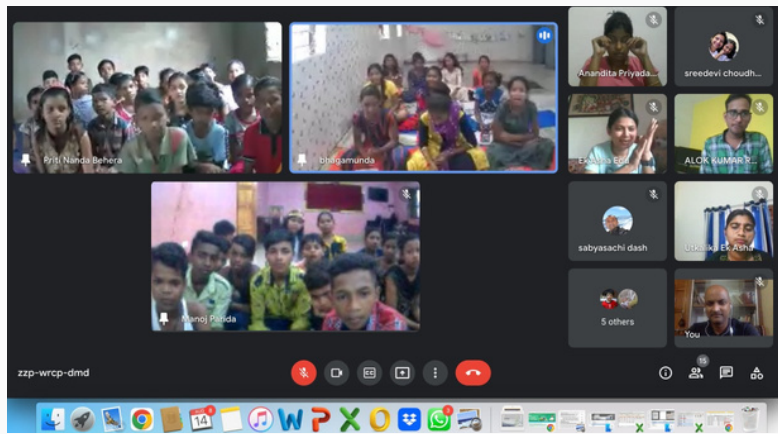

Sishuashram, JSPur
1 Batch
20 Students (7,8)

**7 CENTERS
9 BATCHES
147 STUDENTS
35+ MENTORS**

1. OTC - Online Thinking Class ...(cntd.)

The uniqueness of the OTC is that the volunteers from 10 different countries take daily classes across all the centers. These are highly qualified professionals, such as scientists, doctors, engineers, teachers, researchers...etc. Our local/offline mentors then ensure completion of the revision of the same along with the assigned daily activities.

80% OF REGULAR OTC STUDENTS HAVE SCORED ABOVE 55% IN THEIR ANNUAL SCHOOL EXAM

40% OF THEM HAVE SCORED ABOVE 70%

2. Chatashalee - Village ThinkCenter

EK AHSA's chatashalee model has been designed keeping younger children in mind to shape their minds in the formative age. Children in rural villages such as the ones we operate, do not attend schools regularly. The focus on education has been really poor. Most students in class 3 to 5 do not even know to read or write properly.

Chatashalee model was initiated last year based on the requests from the villagers. By the end of the year we had 5 centers in 5 different villages. Students reached the level of reading, writing, perform arithmetic operations, basic problem solving... etc. This motivated us to do more.

Our journey took us to more villages as villagers from Kailash and Jareikela requested us to open centers in their villages. This was very encouraging and we embarked... [Our intervention involved village meetings, parents interaction, identification of local mentor, a place for children to study... etc.](#)

8 CENTERS; 8 BATCHES; 121 STUDENTS

Tainsar-2, Deogarh
1 Batch
16 Students (4,5)

Phulpathar, Deogarh

20 Students (6,7)

Nakagate, BBSR
1 Batch
7 Students (6,7,8)

2. Chatashalee - Village ThinkCenter ...(cntd.)

By mid year, we opened four more centers. As students continue their studies, our focus is on the quality of education. By education we mean, holistic development...

EDUCATION (Read, write...etc.)

DANCE, MUSIC, DRAMA...etc

SPORTS, VILLAGE CLEANING...etc

3. TinkerLab (Mind is not a vessel to be filled but a fire to be kindled)

**Tinkering
in the
real hands**

A bus to Rourkela

3. TinkerLab ...(cntd.)

People thrive when they learn by doing. Using real tools to solve real problems helps grow knowledge and skills. Trying, failing, and trying again help build flexible thinking and self-confidence.

EK-ASHA's TinkerLabs are integrated and interdisciplinary creativity labs.

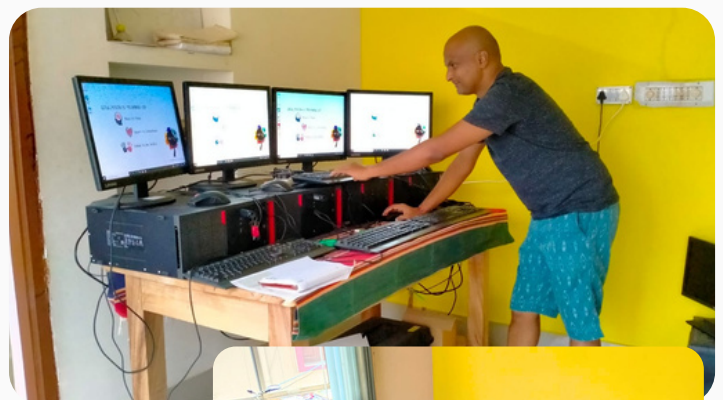

We explore, experiment, break, make, and learn without the fear of failure and a fixed outcome in mind.

2 Centers

Tainsar village

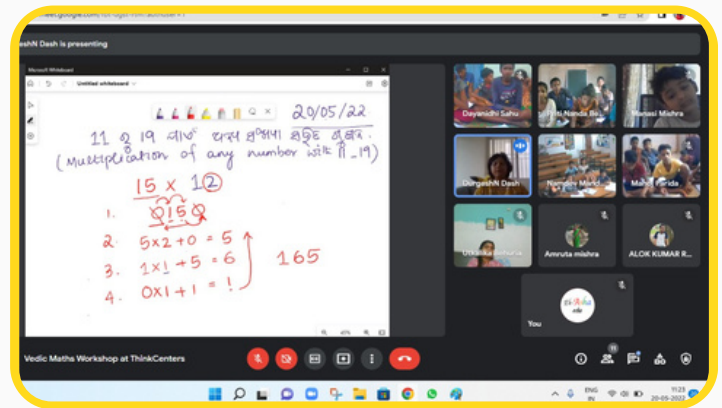

Bhubaneswar

4. Vedic-Math.

Vedic-math is a system of mathematics that originated in ancient India and is based on the Vedas, a collection of Sutras. It is a unique and efficient method of performing complex mathematical calculations quickly and accurately. Vedic-math techniques can be applied to various branches, such as arithmetic, algebra, geometry, and trigonometry. The importance of Vedic Mathematics lies in its ability to make math more enjoyable, reduce the fear of math.

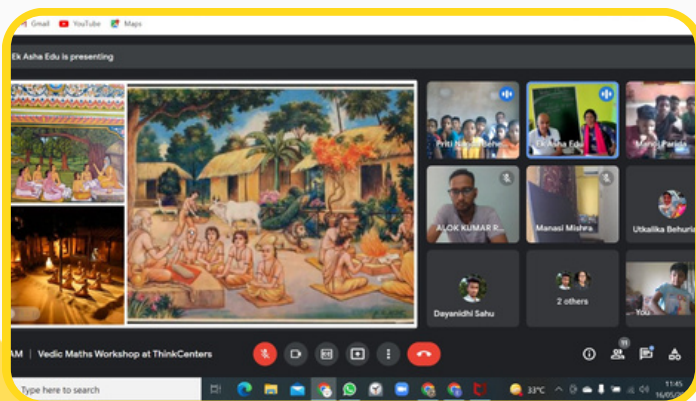

- Vedic-math Season-2 (2022-23)
- 3 workshops
- Goal: train students & build trainers

- Nearly 100 math loving students from rural Odisha and abroad
- 46 sessions in 4 batches

- At Thuruburai, Ganjam between Dec/2022 and Mar/2023
- 36 students of class 6 & 7

The workshops were led by our two master trainers Durgesh Nandini Dash & Kiran Kumar Behera with two new trainees Utkalika Behuria and Alok Kumar Rout.

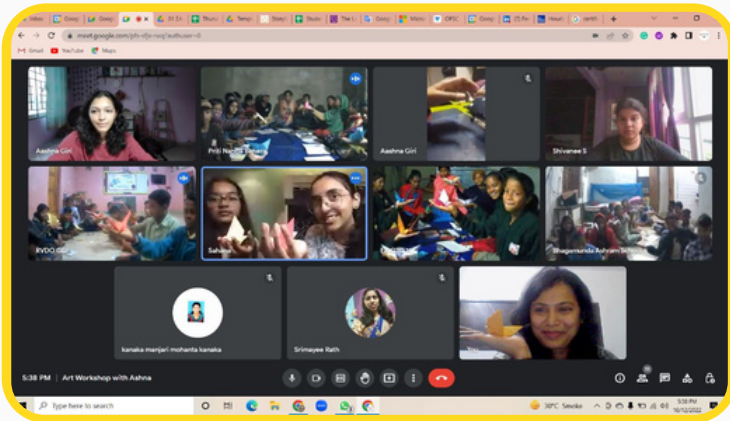

6. Events & Workshops (Science, Culture, Sports, Art & Craft)

At EK ASHA, we always explore new ways to engage with our students and tap on to their interests in the best possible ways. Over the past several years, we have come to realize that workshops provide an excellent platform for a fearless, fun based adventure to students. Students enjoy the practical, interactive, and exploitative environment.

Workshop are fun and engaging way to learn. Participants feel more engaged in the learning process. It provide a space to explore creativity, connect with like-minded individuals, and improve!

6 workshops in 2022-23
involving 300+ students across 5 districts

Vedic-math, Rocket making,
Greeting-cards making,
Mandala/Rangoli making & more...

6. Events & Workshops (Science, Culture, Sports, Art & Craft)

6. Events & Workshops (Science, Culture, Sports, Art & Craft)

Village cleaning at Tainsar lead by our local mentor Santosh Kumar Sahu

Tree plantation by students at our ThinkCenters

6. Events & Workshops (Science, Culture, Sports, Art & Craft)

An annual picnic on 18-Dec-2022
156 students & 20 mentors/volunteers
across 12 hilly villages

7. Annual Sports Day

2nd Annual Sports Day
on 19-Feb-2023 with 470 participants:
170 students, 50 Mentors & volunteers,
250 parents & villagers.

8. Study Tour (5-nights & 3-days tour from Deogarh to BBSR, Puri & Konark)

The idea was to provide a lifetime learning experience to children from the hills and forests. For EK ASHA, education is never something that can be enclosed within the textbooks and classrooms. India is a diverse country and an open book of culture, heritage, nature and science. So, we planned for a study tour, our supporters chimed.

Children had a lifetime of experience, exploring the heritage, culture, geography of Odisha.

Day **1**

26/Feb/2023

Day **2**

27/Feb/2023

Day **3**

28/Feb/2023

8. Study Tour (5-nights & 3-days tour from Deogarh to BBSR, Puri & Konark)

9. Donate4Dignity (An humble cloth donation drive)

The small yet significant initiative of Joy of giving by a bunch of empathetic friends on the philosophy of starfish story (each act of goodness matters) has gained momentum over the years, with able support from like minded friends and well-wishers.

On its 7th year, we had the blessings to reach out to 235 families (with 335 blankets & 345 Sarees) spanning over three hinterland villages (Kusumi, Barigaon, Lanjighosara) of Similapal Forest in Mayurbhanj district and one village (Ganadakamba) in Kandhamal district on the 24th and 25th Dec 2022.

10. Donate A Book (A book can change ones life!)

11. Digital Library Setup at Telkoi

Digital Library
with books & software
for interactive learning

Installed on 10-Sep-2022

Dear Sir
Regarding Supply of Old Computers to provide education to underserved students
Please refer to your letter Ref. No. 2022080101 dated 01.08.2022 requesting donation of old computers for providing education to needy students. In this connection, after careful consideration of your request, we are pleased to advise that NABARD Odisha RO would be donating 19 desktops to your trust for facilitating and augmenting the future endeavours envisaged by you for providing education to underserved students. Please acknowledge the receipt of the equipments.

Further, you are advised to submit an undertaking indicating that post expiry of serviceability/utility period of the equipments, you would be disposing off the equipments as per the prevailing norms of the State Pollution Control Board.

Yours faithfully
